THE YOLO DEMOCRAT.

COUNTY OFFICIAL PRESS.

Town and County Matters.

(CORRESPONDENCE FOR this department is invited from all parts of the county, and all subjects of interest to the general reader, particularly items of news, accounts of crops, available lands for settlement, etc.)

BUCKEYE.—A subscriber writing from Buckeye, on the 4th inst., gives this account of matters in that locality. We shall be pleased to publish accounts from other localities in the county if friends will furnish them. "Your very valuable paper failed to come to hand last Saturday, and in consequence have sustained an irreparable loss for general information this week. To us farmers, nothing is more calculated to break the monotony of every-day life than the welcome appearance of a good journal, and when we are deprived of perusing the interesting pages of the Democrat, even for a week, we feel that all is not well. We hail your welcome paper as a first-class companion, and bid you good thinking. A few lines from this section might be interesting to some of your readers. I have your sanction with a few items from Buckeye. This is truly a flourishing and enterprising little town, consisting of two stores, two hotels, two harness shops, one blacksmith shop, one saloon, and one accompanying buildings. Though young in years, Buckeye compares very favorably with other towns of her age. The most remarkable step of enterprise and progression, and one that excites considerable interest, is the Suisun Railroad. The proposed route of this road is to start at Suisun, running northerly through Buckeye to Cottonwood, and thence to Clear Lake. I understand there are over one hundred men at work on this road near Vacaville. I truly hope this noble enterprise may soon be consummated as it will prove of much utility to the merchants and farmers of this section. The next item of interest is the incidents attending Christmas and New Years. Though they are passed now, yet they did not fail to leave their impress on the minds of many of Buckeye's fairest sons and daughters. Christmas eve Santa Claus visited the little folks and big folks of Buckeye with a huge Christmas tree loaded with rich presents. The inclemency of the weather almost precluded the possibility of its being a success, yet many who were present on the occasion, pronounced it the best that Buckeye ever had. Big dinners and huge socials were the general programme of the week. But the most remarkable feature, proving the sobriety and intelligence of the people of this place, is that there was scarcely an inebriated individual during the whole Christmas, and not a single row, which I think speaks volumes for a little town."

MASQUERADE BALL.—The ball on New Years Eve at Elliott's hall, under the auspices of that mystic order known as the "Owls," was the most successful affair of any kind ever given in Woodland, and the organization there named may well be proud of the glory won. As a masquerade, the undertaking was a somewhat hazardous one, being hitherto untried in the experience of "the oldest inhabitant." It is almost an impossibility for us to present even a summary of the numerous and variegated costumes, Kings, Princes, and Princesses, Faries, and Spittes innumerable sported gaily about, showing democratic airs if not clothing. Quite a number of our prominent citizens of the gentle sex arrayed themselves in fantastic attire, such as Ballad and Flower Girls, Troubadours, with a Spirit of Fire, and a Genius of love to brighten the charm. Among the male costumes most noticeable were a King Henry, Falstaff, Hamlet, Handy Andy, Harlequin, Dick, Sir Colin Campbell, (Highland Chief in full dress), a Chinaman, with a full array of arms and navy officers, soldiers and sailors. Some two hundred couple attended, to which may be added quite a number of spectators. The receipts of the evening were much larger than was anticipated. Taken as a whole the affair was a source of unalloyed pleasure to the participants, who will long look back on the same as a green spot in their memories.

THE ODD FELLOWS HAVE A GAY TIME.—As will be seen elsewhere in this democracy, the semi-annual installation of the officers of the Lodge of Odd Fellows in this place occurred on Thursday evening. A delegation of fifty-five members, and about a dozen ladies who graced the occasion with their welcome presence, came on from Sacramento and took a lively interest—as the Fraternity in Sacramento always have done—in the welfare of the Order in this place. The installation was public, and the spacious hall was crowded to its utmost capacity. Immediately after the officers were installed, speeches were made by Snow, Wells, Van Housen, Kora and others, which were loudly applauded. Then came the festivities of a dance and supper, which were participated in by a large number, all of whom appeared to enjoy themselves hugely. The dance was kept up till about 3 o'clock in the morning. The supper at the "Capital" was excellent. The Sacramento delegation returned on the 7 A. M. train, well pleased with our town and we trust with their reception and entertainment while here. Woodland Lodges in a flourishing condition, both as to membership and finances.

PUBLIC INSTALLATION.—On Thursday evening District Deputy Grand Master H. R. Snow publicly installed the following persons as officers, for the ensuing term, of Woodland Lodge No. 111, I. O. O. F.: H. C. Grover, N. G.; H. J. Plomack, V. G.; Martin Myers, R. S.; Henry Furry, T. R.; B. B. Franklin, W. J. W. Seely, Con.; D. M. Burns, R. S. N. G.; J. H. Hopkins, L. S. N. G.; A. J. Stiner, R. S. V. G.; J. H. Mosey, L. S. V. G.; R. H. Newton, R. S. S.; C. F. Briggs, L. S. S.; L. Deitz, L. G.; C. S. Frost, O. G. G.

FESTIVAL.—Next Wednesday evening, at the Methodist Church, is the time and place to enjoy a treat. Think of a New England supper, a New England kitchen, New England maidens and Baltimore oysters (born on this coast), old-fashioned dresses and music—a festival and a merry time all served up together. The ladies having this entertainment in charge are hereby admonished to have in readiness a double supply of pumpkin-pie, as the public taste is settling strongly in that direction.

USURPATIONS OF THE MOON.—This is truly an age of usurpation. By reference to the calendar for the new year, it will be seen that the past month has two new moons, the second one, the third two, and so on. It is claimed that this is a mark innovation, a gross assumption of power, and if persisted in will be long upset our entire planetary system. Unless the clerk of the weather can give us our regular new moon each month, we would modestly suggest that he be reconstructed.

ABOUT TO LEAVE US.—We regret to announce the intended departure of G. J. Over-shiner and his estimable family for the southern coast. Mr. Over-shiner was one of the first settlers of this county, having been a resident of Woodland for many years, where he has done a large business and gained the esteem of his citizens. He and all his household have our best wishes for their future welfare.

CHALLENGE.—It will be seen by reference to the proper place, that a challenge is thrown out to any boot maker in the county, of \$100 to \$500, the money to be given to the poor.

BOARD OF SUPERVISORS.—Board met on Monday 3d inst.; present, Supervisors Roberts and Ruggles, E. Byrum, Clerk. Following is a synopsis of proceedings: G. E. Sill authorized to receive from State Controller a warrant for the sum of \$1,788.20, being amount due county from Hospital Fund. Certain lands having been dedicated for railroad purposes, by O. O. Capp, and not used, were released to him. Ordered that District Attorney deduct \$182.82 from taxes of M. J. Wright. Supervisor Roberts appointed to superintend grading of Roseberry's Cut. A. W. Tucker appointed constable for Cache Creek Township. J. S. Rollins awarded contract for building bridge across Out Hollow, for \$374. Bridge built in Cache Creek Canyon by J. W. Tilly, accepted, and \$365 allowed contractor for same. Proposition of Smith & Brogan to bury deceased Hospital patients, for fish coffin, conveyances, etc., for the sum of \$25 for each body, accepted. New School District, to be called "Clover District," established in northwestern portion of county. Ordered that sealed proposals be received for grading road near lands of J. M. Kelly and others; further ordered that County Surveyor ascertain amount grading necessary to be done, and file report with specifications, etc., before 25th of present month. Supervisor Ruggles authorized to procure necessary clothing for use of Hospital patients. Sixty-one dollars deducted from taxes of Mrs. Mary Smith. District Attorney ordered to strike off \$30.49 taxes of Barnes & Bro. On motion, ordered, that District Attorney proceed at once to make settlement with Wm. Minis, ex-Sheriff. Proposition of A. S. Armstrong to put three coats of plaster on inner walls of Hospital, for 50 cents per cubic yard, accepted. M. Peterson & Bro. awarded contract of painting Hospital for the sum of \$195.50.

COUNTY COURT—JANUARY TERM.—Hon. M. A. Woods presiding. The People vs. Chas. Noakes—indicted for assault with deadly weapon—arraigned, and waiving time, plead "not guilty." Grand Jury empaneled and sworn, with Chas. L. Beach as foreman. Goodnows, Aldrich & Snow—judgment for plaintiff. People vs. Gail & Thomas—contempt for violating injunction—brought into Court on habeas corpus; discharge denied; Sheriff ordered to take them before Judge of District Court at Sacramento to answer for the contempt. Grand Jury presented indictments against Henry Doby and Gus Hamblin, for grand larceny; George Wilson and A. P. Maner, burglary; Thomas Hodge, house-breaking. After presenting 11 other indictments, and filing their report, the Grand Jury were discharged for the term. The prisoners indicted were brought into Court and arraigned; Maner plead "not guilty," Wilson "guilty," Doby, Hodge and Hamblin given time to plead. (Since Wednesday Judge Woods has been unable to hold Court on account of illness.)

PROBATE COURT.—Estate of G. W. Powell, deceased—report of sale of real estate confirmed. Estate of Harvey B. Rice, deceased—proof of Will; widow appointed administratrix with will annexed. Estate of James Griffin—petition of widow for letters, filed, and notice to hear on 11th given. Estate of James Bulger, deceased—Wednesday, 1st of next week, set to hear final settlement. Estate of Charles Parrott, deceased—proof of will made; P. C. Robertson and U. Shellhammer appointed executors. Estate of Fred Brumager, deceased—administration granted to S. P. Barnes, and appraisers appointed.

ACCIDENT ON THE CALIFORNIA PACIFIC.—An accident on this road occurred on the 3d inst., between Knight's Landing and Sutter, where a man named Michael O'Dea, a resident of Davisville, lost his life by falling between the dirt cars and engine. We understand that the train was backing up, and O'Dea escaped the wheels of the cars but was crushed by the straps of the engine. The deceased leaves a wife and two children to mourn his loss.

NEW YEAR'S AT DAVISVILLE.—We are informed that on New Year's Day, at Davisville, a man named Hamilton, and a German had a difficulty, which ended by Hamilton inflicting seven stab wounds with a knife upon the breast and abdomen of the German. It is thought they will not prove fatal. The same day a man, whose name we did not learn, was shot through the thigh by the accidental discharge of a gun or pistol.

CARRIAGE MANUFACTORY.—Elliott turns out some of the finest carriages and wagons manufactured on the Pacific Coast. A visit to his large manufactory would well repay any one for the time spent in viewing some specimens now on hand as also the facilities for carrying on all the different branches of the business to the best advantage. Read advertisement in another column.

ILLNESS OF JUDGE WOODS.—The County Clerk has certified to the Governor the fact of the inability of Judge Woods, on account of sickness, to preside in his Court during the remainder of the January term, and under the provisions of the Act passed at the last session, it is presumed the Governor will designate some neighboring County Judge to appear and hold Court.

WHEAT TRANSACTIONS.—F. S. Freeman of this place has within two weeks purchased two thousand tons of wheat, for which he has paid out in hard coin some \$65,000. This amount of money added to our currency tends to relieve the pressure somewhat, and if Mr. Freeman continues to distribute cash at this rate for a while, money will be plenty in Yolo.

COLD WEATHER.—The weather has been unusually severe in this region the past week, with white frosts every night, and the consequent thin ice, stiffened mud and spangled grass in the morning. But old Sol appears promptly on the scene and soon modifies the atmosphere to suit his taste and our modities.

ORDERS FOR WHEAT.—The other day F. S. Freeman received an order for a cargo of wheat to be shipped to Liverpool. The cargo consisted of 800 tons, and it is needless to say the whole amount was shipped as soon as cars could be obtained to carry it off.

MCCORMICK.—The Telegraph office, has the mountain walnut for sale. Farmers, plant them. They make a pretty shade tree, and eventually will be useful for mechanical purposes as well as for the fruit they bear.

ROAD NOTICE.—It will be seen by notice elsewhere in this paper that a petition is to be presented to the Board of Supervisors to appoint viewers for opening a road, the location of which is therein described.

RAIL AT KNIGHT'S LANDING.—Tickets have been printed for a ball to take place at Knight's Landing on Friday evening, Jan. 21st. Music by Wood's Band. Tickets, exclusive of supper, one dollar and a half.

TO CONTRACTORS.—Sealed proposals will be received up to 2 o'clock Feb. 27th, for grading a certain road, as per advertisement.

DESIRABLE LOCATION.—The Palomares Tract is but a short distance from the railroad depot. The California Railroad will undoubtedly run through it. It is as rich soil as any in the county, and for beauty is admired by all. It is divided into Lots suitable for Homesteads. Call on C. S. Frost; he is selling very fast.

IF YOU WISH THE VERY BEST CABINET PHOTOGRAPHS, you must call on BRADLEY & ROBERTS, 240 Montgomery street, San Francisco.

FOR THE LADIES.—Fleishman & Kaufman have the choicest lot of furs ever brought to this market.

NEW SALOON.—M. Leaky will open his saloon one day next week. An invitation is extended to all.

FINE HOUSE AND LOT IN WOODLAND, for sale at a bargain. Inquire of W. A. Henry.

BORN.—In Woodland, Jan. 3th wife of Jas. Allison, a son.

DIED.—At Lower Lake, Dec. 31st, Mrs. ELIZABETH WOOD, eldest daughter of A. H. and Mary A. Willard, of Yolo county.

IN WOODLAND, Dec. 31st, William HIGH, aged 65 years. (Nevada and Illinois papers please copy.)

IN WOODLAND, January 4th, of epidemic fever, JOHN McMULLIN, aged 21 years. (Funeral services at 10 A. M. Church to-morrow, (Sunday) at 10 A. M.)

Going North.

9:00 A. M.—New World arriving at Vallejo at 10:30 A. M., connecting with Train for Sacramento, Marysville and Way Stations, reaching Marysville at 3:45 P. M., and Sacramento at 9 P. M.

Cars of the Napa Valley Railroad make close connection at Vallejo with Trains of the California Pacific Railroad and Steamer New World.

Special Notice.

Passengers taking the 6 A. M. Morning Express from Marysville reach San Francisco at 11:45 A. M., giving them 4 hours in the city, returning by the 3:30 P. M. boat from San Francisco, reaching Marysville at 9 P. M., of the same day.

Tickets for the above SHORT ROUTE for sale at the Office of the Agent, at each station. Baggage checked through to all points on the line. D. C. HASKIN, J. N. VICTOR, Agent.

HESPERIAN COLLEGE.

This young and flourishing Institution is located at Woodland, California. It is situated in the midst of one of the most fertile, beautiful and healthy districts of the Pacific Coast. Its social and religious surroundings are of the highest type. It admits both males and females. The academic year is divided into two terms of eighteen weeks each.

The first term of the next session begins August 22d and ends December 18th, 1890. The second term begins January 3d, and ends May 6th, 1891.

FACULTY:

J. M. MARTIN, A. M., Prof. Ancient Languages and Elocution.

J. L. SIMPSON, Prof. of Mathematics.

G. N. FREEMAN, Principal of Preparatory Department.

Mrs. C. L. CROSS, Principal of Primary Department.

Wm. WALL, Teacher Vocal and Instrumental Music.

AYER'S SARSAPARILLA.

For Purifying the Blood!

The reputation this excellent medicine has gained, is a result of its cures, many of which are truly marvellous.

It is a powerful purifier of the blood, and cures all diseases of the blood, and cures all diseases of the blood, and cures all diseases of the blood.

It is a powerful purifier of the blood, and cures all diseases of the blood, and cures all diseases of the blood, and cures all diseases of the blood.

It is a powerful purifier of the blood, and cures all diseases of the blood, and cures all diseases of the blood, and cures all diseases of the blood.

It is a powerful purifier of the blood, and cures all diseases of the blood, and cures all diseases of the blood, and cures all diseases of the blood.

It is a powerful purifier of the blood, and cures all diseases of the blood, and cures all diseases of the blood, and cures all diseases of the blood.

THE YOLO DEMOCRAT.

THE UNFINISHED PRAYER.

"Now I lay me—any it darling;
"Lay me," I whispered, kneeling,
"O'er her folded fingers—
"Down to sleep—no sleep," she murmured,
"And the curly head dropped low;
"I pray the Lord—my soul to keep—
"You can say it all, I know."
"Pray the Lord—my soul to keep—
"Fainter still, my soul to keep—
"Then the tired head fairly nodded,
"And the child was fast asleep.
"But the dewy eyes half opened,
"When I clasped her to my breast;
"And the dear voice whispered:
"Mamma, God knows all the rest."
O, the trusting, sweet confiding
Of the child-heart! Would that I
Thus might trust my Heavenly Father,
He who knows my feeblest cry.

Miscellaneous Items.

RAILROAD time between Vallejo and Marysville has been shortened thirty minutes.

PHILIP MAGEE died at sea, near Acapulco, on the 18th, while on his return home from a visit to the States.

Elko coal is proving valuable. Seven hundred pounds were tested at the Sacramento Gas Works, and yielded 2,500 feet of gas.

SOME guilty wretch asks: "What's the difference between the dying of a barber and a sculptor? One curls up and dyes, the other makes faces and busts."

The news itemizer of the *World* gets off the following: "President Grant has an influenza; which he de only influence, sah, dat he has at de present moment."

EDWIN BRYANT, author of a book giving accounts of two trips to California in 1849, and 1850, lately jumped from a three-story window in Louisville, and was killed.

It is the law in Japan that no fir or express tree can be cut down without the permission of a magistrate, and for every full-grown tree that is felled a sapling must be planted.

WASHAWAMPANTOUEMPOO, a chief of the Arizona Indians, is dead! Poor Washawampantouemppo! There are no who possessed the good heart of this Washawampantouemppo.

An English laborer's wife lately presented her husband with five children at a birth—all of whom were alive at last accounts. The poor woman has twenty-two children, including two sets of triplets. The Queen has sent her \$7.

A BLESSED DAMSEL called at one of the agencies the other day to buy a sewing-machine. "Do you want a feller?" inquired the modest clerk in attendance. The ingenious maid replied with some asperity: "No, sir! I have one!"

Sound economy is a sound understanding brought into action; it is calculation realized; it is the doctrine of proportion reduced to practice; it is foreseeing contingencies, and providing against them; it is expecting contingencies, and being prepared for them.

A MIRAGE was seen in Dunbarton, N. H., a few days ago. An old house, with out-buildings, together with its surroundings, which stands in a valley, about a mile and a half distant, and usually entirely hidden from the place of observation, was distinctly seen, apparently on a hill much higher than the intervening one. It remained visible some time, and gradually disappeared behind the hill.

A VALUABLE discovery was accidentally made some little time ago by a workman in France, who, in varnishing various pieces of metal, scorched himself most dreadfully. In his agony, and without a moment's reflection, he thrust his injured hand into the pot containing the varnish, and immediately felt relieved as if by enchantment. He repeated the operation for a day or two, and in a short time was perfectly cured.

MRS. BLAIR, of Boston, a "clairvoyant," paints pictures, saleable pictures, when blind-folded, which is more than some people can do with their eyes.

A paper, in speaking of her, says: "She makes either landscape or moral pictures with a remarkable celerity, without looking at the work until completed. They are said to be beautiful specimens, colored and shaded with an exactness that an open-eyed artist might well envy. She chafes freely, detects any removal or exchange of the dishes containing the prepared colors."

At an enthusiastic meeting among the negroes of Mount county, recently, when the mourners' bench was crowded with penitents groaning in agony, one of them, a sable damsel of elephantine proportions, sprang to her feet crying: "Glorious hallelujah! Lord bless de lamb! I've got religion! Lord, if dis nigger had de wings of a June bug she'd fly right up to Heaven. Her enthusiasm was checked at that juncture by a matter-of-fact sister, who raised her head and brought the new convert's thoughts back from the ideal to the real, thusly: "You fool, nigger, what do you mean? If you had a June bug's wings don't you know a woodpecker'd gobble you up 'fore you'd got half a mile?"

PLANTING RAMIE.—The *Sonoma Democrat*, of January 1st, says: "We are pleased to learn that James T. Shaw, whose ranch and vineyard are near the Guadalupe, between Sonoma and Santa Rosa, has procured one hundred ramie plants, and set them out as an experiment. Mr. S. is confident they will do well here, and he has no doubt of the great interest and importance to both our country and State. The ramie plant has proved such a success in many of the Southern States that it threatens to supplant and destroy the King Cotton. According to a late Maryland paper, Ramie does remarkably well in that latitude, farmers making out of it \$300 per acre. A fine article commands 60 cents per pound, cash, and our contemporary says 10 cents per pound will produce a handsome profit, the product being three thousand pounds per acre. If it can be grown well in this State—and we are very confident of it—there is no more profitable crop in which land can be employed. Mr. Shaw's experiment will be watched with interest by many in our midst."

CORNS CURED.—Hall's *Journal of Health* gives this mode:
"The safest, the most accessible and the most efficient cure of a corn on the toe, is to double a piece of thick, soft buckskin, cut a hole in it large enough to receive the corn, and bind it around the toe. If, in addition to this, the foot is soaked in warm water for five or more minutes every morning and night, and a few drops of sweet oil, or other oily substance, are patiently rubbed in after soaking, the corn will almost infallibly come so loose in a few days as to be easily picked out with the finger nail; this saves the necessity of paring the corn, which operation has sometimes been followed with painful and dangerous symptoms. If the corn becomes inconvenient again, repeat the process at once."
